

# Bike + schools

*Cyclists, Triathletes, Athletes, Golfers, Tennis players.....*

Many school communities have a talent pool that is rich in talent across a plethora of sports. Team sports tours are fantastic life experiences and development tools for athletes of all ages and at Bike + we believe these opportunities should also be extended to those 'non traditional' and individual sports.

At Bike + we have a number of packages that can combine these sports in one location or cater for one option in isolation.

**Cycling and Golf** on the Costa Blanca - 4 nights from £615\* from 24 students and 3 free staff places. \*Green fees not included

**Multi sport training camp @ Albir** - Swim, run, cycle at Albir Gardens in 2022. Priced from £750 for 7 nights full board + flights for 20 multi sport athletes and 2 (free) staff

**Prefer Home roads?**

**Cycle, Surf and Golf** in North Devon - 4 nights in July '22 for £415 incl a group surf lesson and 2 free staff places for July 22. plus discounted green fees at two of the best links courses in the UK.

These are just a few indicative ideas of what we can offer. However, we are confident that whatever combination of student athlete you want to take away we can provide a bespoke trip that ticks all your boxes.
